

## FOOD SAFETY POLICY

Mohammed Jalal Catering Co. W.L.L strives to fulfil national and internationally recognized Food Safety Standards and has put in place appropriate systems and proactive control procedures to safeguard the food prepared and served throughout its operations.

We are committed to:

- Continually improve Food Safety Standards by implementing and maintaining documented systems that comply with the requirements of HACCP & ISO 22000:2018 Food Safety Management System, all legal, regulatory, and other industrial requirements.
- To review food safety policies and procedures continuously for the effective management of risks and hazards associated with changes in products, processes, and technologies.
- To ensure that all employees are sufficiently educated, trained, competent and actively involved in the application of this policy.
- To set measurable food safety objectives for individual departments and operations to ensure continual improvement and compliance with Standards and Procedures.
- To reduce all potential hazards to an acceptable level in all steps and processes by adopting innovative, workable techniques and methods developed by specialized institutions worldwide.

The Food Safety Policy will be reviewed periodically for continued suitability.

This policy & its requirement shall be communicated and made available to all its employees, clients, contractors, suppliers & partners in order to ensure it achieves its goals for food safety in a professional, effective & efficient manner.

All employees shall be aware of their responsibilities and comply with the Food Safety Management System requirements in line with their duties.

Mr. Martin Drydale

General Manager
